

## The Wildflower Preservation and Propagation Plant List for Shade Garden

Plan is for approximately 12' x 10'

Qty.	Common Name	Scientific Name	Color	Month	Height
7	Black Cohosh	<i>Actaea racemosa</i>	White	M J J A	5'
4	White or Red Baneberry	<i>Actaea pachypoda</i> or <i>rubra</i>	White	M J	2'
5	Rue Anemone	<i>Anemonella thalictroides</i>	White	A M J	6"
5	Wild Columbine	<i>Aquilegia canadensis</i>	Red	A M J	2'
5	Goatsbeard	<i>Aruncus dioicus</i>	White	A M	5'
5	Wild Ginger	<i>Asarum canadense</i>	Green*	A M J	6"
5	Tall Bellflower	<i>Campanula americana</i>	Blue	J A S O	5'
6	Ivory Sedge	<i>Carex eburnea</i>	Green*	A	6"
9	Penn Sedge	<i>Carex pensylvanica</i>	Green*	M J	8"
5	Toothwort	<i>Dentaria laciniata</i>	White/Lt. Pink	A M	1'
5	Shooting Stars	<i>Dodecatheon meadia</i>	Pink	A M J	1'
7	Wild Geranium	<i>Geranium maculatum</i>	Lavender	A M J J	1'
*	Trout Lily	<i>Erythronium albidum</i>	White	A M	6"
7	Twinleaf	<i>Jeffersonia diphylla</i>	White	A M	1'
5	Virginia Bluebells	<i>Mertensia virginica</i>	Blue	A M	20"
7	Wild Blue Phlox	<i>Phlox divaricata</i>	Blue	A M J	1'
5	Jacob's Ladder	<i>Polemonium reptans</i>	Blue	A M J	1'
5	Bloodroot	<i>Sanguinaria canadensis</i>	White	A M	6"
5	Elm-leaved Goldenrod	<i>Solidago ulmifolia</i>	Yellow	J A S O	3'
5	Indian Pink	<i>Spigelia marilandica</i>	Red/Yellow	J	20"
5	Celandine Poppy	<i>Stylophorum diphyllum</i>	Yellow	A M	1'
5	Short's Aster	<i>Symphyotrichum shortii</i>	Blue	A S O	3'
5	Heart-leaved Aster	<i>Symphyotrichum cordifolium</i>	Blue	S O	3'
10	Foamflower	<i>Tiarella cordifolia</i>	White	M J	1'
5	Large-flowered Trillium	<i>Trillium grandiflorum</i>	White	A M J	1'
7	Bellwort	<i>Uvularia grandiflora</i>	Yellow	A M	20"
6	Wingstem	<i>Verbesina alternifolia</i>	Yellow	A S O	6'

This list includes 27 species and totals 150 plants. Some sections show two species, so that after the spring ephemerals die back, there will be another plant growing in the space. Many of the woodland species are very small and a percentage of those are ephemeral. Total number of plants could be reduced by planting fewer plants in a space, eliminating some of the species, or making the total garden size a bit smaller.

\*Trout lilies should be considered for inclusion, and interspersed as plugs among the other species.

Possible substitutions or additions:

- Jack-in-the-Pulpit (*Arisaema triphyllum*) – Green
- Joe Pye Weed (*Eupatorium purpureum*) – Lt. Purple
- Sharp-lobed Hepatica (*Hepatica acutiloba*) – Blue
- Dwarf Crested Iris (*Iris cristata*) – purple
- Great Solomon's Seal (*Polygonatum biflorum*) – Green
